

## Mineral Uses Class Resources

The K-12 version of “The Importance of Minerals and Mining”, generally referred to as “The Importance of Mining”, together with Teacher Notes covering Red Words in the slides is available on the SME website: [mii.org](http://mii.org) in the ALL ABOUT MINING section. A general version without teacher notes and PowerPoints entitled “Human Dependence on Mining” and “Is Mining Important?” are available on the [miningamerica.org](http://miningamerica.org) website in the EDUCATION section.
